

## You have the right to receive a “Good Faith Estimate” explaining how much your medical care will cost

Under the law, health care providers need to give patients who don't have insurance or who are not using insurance an estimate of the bill for medical items and services.

- You have the right to receive a '**Good Faith Estimate**' for the total expected cost of any non-emergency items or services. This includes related costs like medical tests, prescription drugs, equipment, and health center services fees.
- Make sure UCHC gives you a '**Good Faith Estimate**' in writing at least 1 business day before your medical service is provided, assuming it was scheduled at least 3 days in advance. You can also ask UCHC, and any other provider you choose, for a '**Good Faith Estimate**' before you schedule an item or service.
- If you receive a bill that is at least \$400 more than your '**Good Faith Estimate**', you can dispute the bill.
- Make sure to save a copy or picture of your '**Good Faith Estimate**'.
